We think our modern world is full of exciting new inventions. However, Ancient Egyptians were as good as modern people at inventing new things. We still use many Ancient Egyptians' inventions today. They've existed for thousands of years. That's the sign of a good invention! In Ancient Egypt, it was important to write down decisions, record events, and tell stories. For this, people needed paper and ink. Papyrus was a type of thick paper made from reeds. It wasn't as smooth as the paper we use today, but it changed how people communicated. The Ancient Egyptians also created an early type of ink. They burned wood or oil, and mixed it with water. Then they used the ink to write on the papyrus.

★ أهم الموضوعات في الترم بالكامل

① Ahmed Ibn Majid

Ahmed Ibn Majid is the person who made it easier for us to travel on the sea today. He was the first Arab seaman. He was born in 1432 in what is now Oman. As a child, he was fascinated by the sea. He wanted to explore the seas and oceans. He was a very intelligent man and studied a lot. He learned languages, and learned about math, geography, and astronomy. He became known as a master navigator.

② Omar Hegazy

At the age of 25, Omar was a banker. He was doing well at work, and was enjoying his life. Then he had an accident. He went to hospital, where the doctors removed part of his leg. Then, Omar heard about two disabled athletes, and he wanted to be like them. He started training hard and working on his fitness. Amazingly, he broke a world record in holding his breath underwater. Now, Omar motivates people all around the world.

③ Alyssa Azar: A biography

Alyssa Azar is an amazing young woman, and one of Australia's most ambitious adventurers. She's the youngest Australian to climb Mount Everest. Alyssa is from Australia. She loved sports as a child. First of all, at the age of eight, she crossed the Kokoda Track. Next, she climbed Mount Kilimanjaro when she was 14. After that, she decided to climb Mount Everest, and her parents helped her. Finally, in 2016, Alyssa made it to the top of Everest.

④ A garage sale

Every year we have a garage sale at our school. This means volunteers from our school all bring in old items like clothes, books, toys, or kitchen equipment. These items are old, but they are still in good shape and can be used again. These items are sold to anyone who would like to buy them. The money we collect is used to help children who need health care in hospitals. We also buy some new toys and take them to the children with our teachers. Everyone is really happy!

⑤ The cheetahs

Cheetahs, the fastest animals in the world, have returned to India. They lived in India until the 1950s, but then slowly disappeared. However, much later, eight of them were brought to a big park in India - Kuno National Park. The Indian people are very pleased to have these animals back in their country. The cheetahs now live in a safe area, where they are fed every day. They aren't watched all the time, but they are tracked so they don't get lost.

⑥ Filter straws

When we think of drinking straws, we usually think of drinking something tasty. However, one type of straw solves problems caused by dirty water. A filter straw removes dangerous bacteria from water. The bacteria can't pass through the straw. This makes the water safe to drink. In this way, filter straws have prevented diseases in many countries, so fewer people are getting sick.

⑦ Working in a team

Have you ever been part of a team? Maybe you've worked on a class project, played in a sports competition, or answered questions in a school quiz. There are lots of times when you can work in a team at school and in clubs, or in activities out of school. Some people say that. they like working on their own. That's fine - it's good to be independent and to focus on your work. However, if you work in a team, you might find that it's fun to take part. You might learn a lot!

⑧ My personal Statement

My name is Zahraa and I'm in Grade 6. I work hard and I'm confident I'm happy to share my ideas in front of the class. I enjoy working in a team, and I like working independently, too. I enjoy taking part in group activities. I enjoy studying history and math. I go to a science club after school, Next year, I would like to do more science activities and visit a science museum.
